

**CFM 32/1000 Profile Sheet**

# CFM offer roof and wall coverings to suit clients' needs

CFM 32/1000 Profile

Central is able to offer a wide range of roofing and cladding options, for both new build and refurbishment markets.

We use 32/1000 profile sheeting available in lengths up to 9 metres plus.

All products are produced to the high standard that Central customers have come to expect and we constantly liaise with clients regarding their requirements, providing a dedicated, quality service to the industry.

Central set very high standards in customer service and quality and as such all profiled sheet is backed up with a manufacturer's guarantee of performance.

We offer quick turnaround on orders and national coverage.

## Range of materials we can offer:

- Leather grain plastisol
- HPS 200 ultra
- Prisma
- HDX granite
- Polyester / liner
